

## **COURSE TITLE – MISIC Literacy Resources**

**Instructor(s):** Becky Hacker-Kluver and Jamie Morgan

### **Licensure Renewal Credit: 1 credit**

This course is offered by MISIC and is approved for licensure renewal credit only upon successful completion of all the components. The course is not approved as credit toward an endorsement or new teaching authority. Transcripts and credit will be issued by MISIC.

This course is presented in a self-paced format. Participants, whether individually or as learning team, are expected to make reasonable progress through the components. In order to accommodate the participant's work schedule and professional setting, no due dates are attached to the individual components with the exception of the final due date.

**Dates:** Online July 1, 2023-July 1, 2024

### **Course Description (Overview of Course)**

The ELA/Literacy standards call for three major shifts in instruction. Teachers need to understand these shifts and be able find resources to help them implement the changes in their classroom instruction. In this course, learners will gain an understanding of the shifts, the standards, and dig into some resources and tools that will impact classroom instruction.

### **School Improvement Rationale** (School data that indicates a need for this course).

The ELA/Literacy standards must be taught by all schools. The new standards are significantly different from previous standards and require teachers to make some major shifts in instruction. Even though the new standards have been out for several years, there are still many teachers that need to gain a deeper understanding of the shifts and how to find quality resources to use in their classrooms.

### **Expected Outcomes: The learner will be able to...**

Those who complete all components of the course will be able to:

- Understand the three shifts in ELA/Literacy instruction and the implications for classroom instruction
- Understand how the ELA/Literacy standards are set up and aligned K-12 and find/develop a lesson using the ELA standards framework
- Locate quality resources for literacy instruction and implement changes in classroom instruction
- Reflect on how the Literacy Bookmarks can be used to align classroom lessons to the ELA/Literacy standards
