

**RECRUITING FOR THE 21/22
SCHOOL YEAR**

PAID COMPENSATION
as an ISASP
Committee Member

APPLY TODAY!

ISASP Writing Rangefinding: The process of rangefinding is to review constructed response assessment items and discuss a set of responses that demonstrates a range of performance. The learning team will arrive at consensus scores according to the standards and scoring criteria established by each item's rubric. The rangefinding responses will then be used to create training sets that will allow Pearson to train scorers to accurately and consistently apply the scoring criteria for each ISASP item.

WHEN: * VIRTUAL * Tuesday, January 18 - Thursday, January 20, 2022

REQUIREMENTS: Educators with current experience in grades 3 – 11 ELA

COMPENSATION: Daily compensation rate is \$130 per day

PROFESSIONAL DEVELOPMENT: Professional Development Credit is available from MISIC

ISASP ITEM WRITERS: Iowa Testing Programs has ongoing opportunities for Iowa educators to contribute directly to the success of the ISASP program by writing original passages and questions as well as reviewing ISASP materials under development. Writers and reviewers are compensated for their work. Educators interested in learning more about writing or reviewing materials in the subject areas of Reading, Mathematics, or Science in Grades 3-11 are invited to contact Tim Hazen, Director of Test Development, at timothy-hazen@uiowa.edu.
