

LITERACY FOR EVERY LEARNER:

Evidence-Based Adolescent Instruction & Dyslexia

**Dr. Darcie Kress &
Wanda Steuri, DE Consultants**

**September 24, 2026
9:00am-3:00pm
City Church, Ames**

- **Adolescent Literacy** – This session will help participants gain a deeper understanding of the evidence-based instructional strategies to use when teaching reading and writing to adolescents. The session will teach techniques for teaching and supporting decoding, reading comprehension, and writing.
- **Dyslexia: A Foundational Understanding** – This session will help participants develop a foundational understanding of dyslexia. Participants will be able to define dyslexia, understand the characteristics of dyslexia in children at different ages and stages of reading and writing development, and understand the impact dyslexia can have on learning, reading, spelling and writing.

**MISIC Members: \$100
Non-MISIC Members: \$250**
